

Dear YCSC players and parents,

Welcome to the YCSC Fall 2021 Program for coed Middle School. The program will include weekly games, drop-in scrimmage time for added touches on the ball, Vision Training, Referee & Keeper Training opportunities, and an end of season party. Our focus will be on developing individual player vision to inspire quick decision making and build better Soccer IQ. Parents are welcome to attend drop-in/training sessions to better understand what we are looking to see on game day. Success will look like: confident players finding time and space on the field to make intelligent and creative decisions, with “eyes up” and an understanding of how to create proper movement “off” the ball to best support teammates. (Absolutely, no direction from the sideline, please!)

No “full” teams registered from outside YC, but we do have 43 players registered individually from 7 different Middle Schools, so we will be randomly placing (7) players onto 6 teams each week. Each player will get a schedule noting which team they play for each weekly. This way, players can experience playing with, as well as, against a variety of players.

**Schedule and Practice Info: (Note, no programming 9/1 thru 9/6)**

**PRACTICE:** All drop-in and training will be held in the YCSC Arena/turf, gate at Pine St & Monroe, Carlton. No training session is required, but please support your player in taking advantage of these opportunities for personal growth! Please subscribe to the YCSC Arena Calendar, and be sure to add [ycscooccerclub@gmail.com](mailto:ycscooccerclub@gmail.com) to your contacts for any changes to the schedule.
